Thank you for hosting ALTEN webinar :

„12 female habits that keep you stuck in your current role.”

Date: Wednesday 18th of November, 2020.

Time: 5.00 p.m. CEST

Duration: 120 min

Katarzyna shared her knowledge and point of view on important topics related to female professional development. In this workshop, we went through 12 destructive habits, mostly observed in women, that keep them stuck in their current job role. The workshop was based on the US best-seller book "HOW WOMEN RISE" by Sally Helgesen - a keynote speaker and a Female Leadership Coach, and Marshall Goldsmith - named by Forbes as "one of five most-respected executive coaches" and presented by the polish publisher of the title.

We recommend Katarzyna as conference/workshop speaker or webinar host. Our second cooperation resulted with high quality talk in English confirmed by attendees in postwebinar survey.
